Via Marcora, 27 - 23017 Morbegno (Sondrio) ITALIA

The figure is a detailed topographic map of a mountainous region, specifically the area around Pizzo Badile. A red line delineates a specific area of interest. Within this area, there are two distinct colored regions: a large brown region in the center and several smaller green regions along the edges and in some internal pockets. The map shows contour lines, roads, and various geographical features. The brown region is labeled 'UM - Umbrisols' in the legend, and the green regions are labeled 'Caratteristiche miste'.
